Sail sport

Looking for billfishing in Asia? Bluesails, based in Kuala Rompin in Malaysia has what you are looking for. Sportfishing for marlin or sailfish is fast and furious and more akin to hunting as you seek out these majestic pelagics. Once on the line, they put up a tremendous fight and in the process give you quite a workout.

Bluesails have a strict catch and release policy, with the fish only boated for pictures if the guide believes it will do the fish no harm. All sailfish are then returned to the sea. www.bluesails.com.sg
